PERSONAL PROJECTS

PORTFOLIO WEBSITE | DEVELOPER | INNOVATOR |
2018 – 2019 | Hyderabad, India
Created a portfolio website using React JS and bootstrap. This website is a basic template which renders the contents of a text file , resulting in a personal website for anyone. Code is available in GitHub as an open source.

COIN | DEVELOPER | INNOVATOR | CONTRIBUTOR
2018 | Hyderabad, India
Initiated a website idea for my company. This website acts as a reward system company wise. Developed the initial system for the website using React JS and Node JS and presented the idea. This idea was highly appreciated and was taken forward for central team.
